## Primary School

**Opens**  
**January 28th!**

ITFM has been busy in Uganda. The clinic is functioning, with Winny, our clinical officer at the reins. Now the focus for ITFM will shift a bit towards the school. The first block of 2 classrooms is complete. Teachers are being hired and children are being enrolled in preschool, kindergarten and 1st grade. They are going to share the 2 classrooms until more are built. School starts on January 28th. At the end of 2013 we will need at least 2 more classrooms so these students can advance and more students can begin. ITFM also has to provide housing for the teachers by the end of this year.

Times are tough everywhere. The projects listed below are big ones but we are throwing them “out there”.
